The New Electromagnetic Peace And Learning Science For Our Children

In A Rotating Electromagnetic Solar System Powered By One Energy Which Illuminates And Controls All Of The Movement In The Universe By The Path Of Least Resistance Towards Equilibrium, When Life Forms Develop Out-Of-Phase To The Primary Electromagnetic Field Of Their Planet And Collapse Electromagnetically Into Two Halves, With Fronts, Backs And Sides To Their Bodies (Unlike Plant Life Forms Which Normally Grow In-Phase To The Planet's Electromagnetic Field And Develop Bodies That Are Similar To The Planet's Electromagnetic Shape And Have No Fronts, Backs Or Sides), The Most Intelligent Movement The Out-Of-Phase Life Forms Can Make Is To Take Advantage Of Being Weakly Attached To The Planet And Comfortably Align Themselves To It, Front Side Up (In-Phase) With Their Heads Towards The North Magnetic Pole And Their Feet Towards The South Magnetic Pole. Resting Or Trying To Understand Our Universe And Life On Our Planet Without Using An Electromagnetically Aligned Approach Is Scientifically Unsafe And May Cause Dishonesty, Violence And War.

Once An Out-Of-Phase Life Form Is Aligned To The Planet, Gently Oscillating One Hand (Six Inches In Front Of The Diaphragm Muscle With The Elbow Comfortably Against The Side) In Relationship To The Planet's Primary Electromagnetic Field Approximately Once A Second, One Foot East To West Across The Magnetic North To South Centerline, Will Increase The Flow Of Electromagnetic Energy From The Planet's Higher Potential Primary In-Phase Electromagnetic Field Through The Center Of The Out-Of-Phase Life Form's Electromagnetic Field, Into The Planet's Lower Potential Out-Of-Phase Secondary Electromagnetic Field That Is Composed Mostly Of Life Forms Which Have Fronts And Backs. This Kind Of Energy Can Sometimes Be Noticed While Oscillating The Hand As Electromagnetic Specks Of Light And When Other Life Forms Nearby Become Emotionally Calmer Or Excited In A Positive Way Due To Electromagnetic Induction.

This Is The Basis Of The New Electromagnetic Peace And Learning Science Explained In Part 2 Of "The New Alphabet", That I Used To Discover How Our Language Was Created And Which Children Can Easily Learn To Use To Find Their Electromagnetic Mates And Help Earth Become A Peaceful Planet.

Dedicated To Maria Montessori, George Harrison, John Lennon, Their Friends And All Of Our Children
By David Edgin – Former Electromagnetic Alignment Specialist And Creator Of "The New Alphabet"

One Energy, One Language, And One Race Of Many Colors

The New Peace And Learning Science For Our Children (Children's Version)

When A Planet Like The One We Live On Spins Around A Sun, The Sun's Energy Lights Up And Helps Move The Planet, And Everything On The Planet. The People That Live On A Planet Have Fronts And Backs To Their Bodies; While The Trees That Are Shaped More Like The Planet's Round Shape From The Top Do Not Have Fronts And Backs. On A Planet Like The Earth, The Best Thing That People, Who Have Less Magnetic Energy Than The Planet And The Trees Can Do, Is To Sit And Rest Comfortably Lined Up To Their Planet, Front Side Up, With Their Heads Towards The North Magnetic Pole And Their Feet Towards The South Magnetic Pole. Trying To Learn About Living On A Planet Without Lining Yourself Up To The Planet's And Sun's Energy Is Unsafe, And May Cause War, Hate And Poverty, With Some People Not Having Enough Food Or Homes.

After A Person Is Lined Up To Their Planet, Slowly And Gently Moving A Hand Six Inches In Front Of The Muscle Above The Navel Once A Second, One Foot, East To West, Across The Magnetic North To South Centerline Of The Planet, Will Cause Magnetic Energy To Flow From The Planet's And The Tree's Stronger Magnetic Energy Field Through The Magnetic Energy Center Of The Person Moving Their Hand And Into The People's Weaker Magnetic Energy Field. This Kind Of Energy Can Sometimes Be Noticed While Moving The Hand Back And Forth As Specks Of Light, And When Other People Near You Become Quieter After The Energy Helps Them Relax, And Feel Better.

Moving A Hand This Way Is Called Oscillating In "The World Peace Sing Along Song". This Is How The New Peace And Learning Science That I Used To Discover How Our Alphabet Letters And Our Words Were Made Up Works. Most Children Can Easily Learn To Use This New Magnetic Science To Help Our Earth Become A Peaceful Planet, And To Help Find Their Magnetic Other Half Who Is Always Beside Them Magnetically.

This Children's Version Of "The New Peace And Learning Science" And "The World Peace Sing Along Song" Is Dedicated To Maria Montessori To Thank Her For Helping Us Learn To Teach Our Children About Peace, And To All Of The World's Children And Their Teachers To Help Them Make Our Earth A More Peaceful Planet.
